SUBJECT: Parkview Community Hospital designated a Stroke Ready Hospital

DATE: April 21, 2014

The Riverside County EMS Agency (REMSA) is pleased to announce that Parkview Community Hospital has fulfilled all of the obligations necessary to be designated as a Stroke Ready Hospital in Riverside County. Beginning at midnight on April 24, 2014 (the night of April 23, 2014), base hospitals may send patients identified in the field as possible stroke patients to Parkview Community Hospital, in accordance with REMSA policy #5701 (Stroke Centers) and policy #4503 (Suspected Stroke). Please ensure that necessary personnel are informed of this designation.

Please join us in welcoming Parkview Community Hospital to our list of designated Stroke Centers in Riverside County.
