

EMS SYSTEM ADVISORY 2016-05-03

TO: Riverside County EMS System

FROM: Bruce Barton, REMSA Director

SUBJECT: EMS Medical Director

DATE: May 03, 2016

Effective immediately Dr. Daved van Stralen is no longer the Riverside County EMS Agency (REMSA) Medical Director. REMSA is currently evaluating options for medical direction. While we are working through that process REMSA has requested interim medical director services from the Inland Counties EMS Agency (ICEMA) through the public health and medical mutual aid system.

I would like to thank Dr. van Stralen for his two and a half years of service to the Riverside County EMS system and the communities we serve.
